The Party

The Mayor

Prime member of a family of casted ceramic wall lamps (The Party), The Mayor thinks very highly of himself and literally looks at the world through his monocle.

The favourite son of the Duke of Orthen and brother of Bert, The Mayor experiences the privileged upbringing of an overindulged child. His immense confidence is embodied in the lamp's appearance, its natural authority. He likes to behave like an aristocrat and this attracts Coco to have a brief affair with him during her youth. Destiny strikes when she gives birth to twin sons Ted & Glenn, who The Mayor doesn't acknowledge as his own...
