## Luna Piena Suspended

---

A constellation of crystal flakes is engraved into round panels of light, reflecting and refracting its beams like precious jewels on a cloudless day. Facing the disks is like looking into the full moon, a limpid surface of brightness, while pure magic occurs if you turn the lamp's panels away from you. As you do so more crystals appear and multiply.

**Designer**

Marcel Wanders

**Year of design**

2017

**Material**

Steel, pc

## Luna Piena Suspended Technical (ce)

**Material** Steel, pc

**Colours:** Gun metal

**Outdoor:** No

**Height:**

**Diameter:** ø80cm

**Netto weight:**

**CE:** Yes

**cULus:** In development

**Input voltage:**

**Power consumption:** Max 20w

**Colour temperature:** 2700k

**Dimmable:** yes

**Lumen:**

**Cable length:** 4 or 10m

**Cable colour:** Transparent

**Canopy:**
